日本ではもう少し先ですが、アメリカの学校はもう夏休みに入ります。3カ月もある夏休みを子供たちはどんな風に過ごすのでしょうか。天童校のWendy先生が様々な夏休みの過ごし方について書いてくれました。

ummer is one of the most anticipated times of the year for kids in America. Why is that? It's because students' summer vacations last from June to early September. In some places, it begins in May and ends in August due to the warmer weather. Why is the summer holiday so long? Years ago, there were many farmers. The farmers needed help with planting and harvesting crops. The best time for this was in summer, so the children would help their parents.

Children now enjoy a various amount of activities. Children can sleep, play video games, go swimming, go to barbecues or "cookouts", go fishing, attend summer school, go to a type of camp, go to the mall, go to an amusement park, get a part-time job, etc.

Some high-school students may get part-time jobs because they want their own money to spend. It also helps them to learn how to be independent and how to manage money.

Summer schools, for older kids, are mostly for students to either catch up to their classmates or to skip ahead of them so that they can graduate early. For younger kids, it's pretty much a place to

play all day with meal and nap times. Some students may fail a subject during the school year, so they will go to summer school to avoid embarrassment over being a year behind their classmates. More serious students want to take as many subjects as possible so that they can graduate a year early. In America, we attend high school for four years. Unfortunately, summer school can be very expensive for high-school students.

Summer camp and band camp are two other options for kids. Summer camp is like one big, long camping trip with various activities like doing arts & crafts, swimming, canoeing, and fishing. For those who play an instrument, they can go to band camp to improve their skills.

When I was young, I always joined my library's summer reading club. I also played video games and went to the movies. In elementary school, I went to summer school.

What did you do for your summer vacation?
